Dear Parents, we started our journey with 46 students on 11th April 2022 and today we are a family of 250 students and 50 academic and non-academic staff. This journey was definitely smooth with the trust, cooperation and support of parents and also the generosity of management.

In this academic session we have come up with a special attractive and safe play zone which is exclusively for the students of Little Arons i.e. our prep kids. The purpose of this play zone is not only recreation but to give proper exercise and coordination to the small and large muscles of these growing children.

Our students have shown a remarkable academic progress and they are showing their talents in the other areas too,

Our vocalists have bagged third position in Bhajan Competition organized at Modern International School.
